MSME Registration in India

Process, Benefits, Eligibility & MSME Certificate

Made with GAMMA

Introduction to MSME Registration

MSME (Micro, Small and Medium Enterprises) Registration, also known as **Udyam Registration**, is a government initiative launched by the Ministry of Micro, Small & Medium Enterprises to formalize and support small businesses across India. This simplified online registration process replaced the earlier Udyog Aadhaar system in July 2020, making it easier for entrepreneurs to access government schemes, subsidies, and benefits.

Udyam Registration provides businesses with a unique registration number (URN) that serves as official recognition from the government. The process is entirely online, paperless, and requires minimal documentation, typically completed within a few minutes.

Learn more about MSME Registration Online

Key Highlights

Streamlined, paperless registration process designed to support India's entrepreneurial ecosystem

Made with GAMMA

The Importance of the MSME Sector

MSMEs form the backbone of India's economy, contributing significantly to national development and economic growth. This sector plays a pivotal role in transforming the country's industrial landscape.

Economic Growth

MSMEs contribute over 29% to India's GDP and approximately 45% to manufacturing output, driving economic expansion

Employment Generation

The sector provides employment to over 110 million people, making it the second-largest employer after agriculture

Industrial Development

MSMEs promote balanced regional development by establishing industries across diverse geographical locations

Entrepreneurship Support

Fosters innovation and entrepreneurship by providing accessible entry points for startups and small businesses

MSME Eligibility Criteria

MSME classification is based on investment in plant and machinery or equipment, and annual turnover. The criteria were revised in 2020 to merge investment and turnover limits, making the classification more inclusive.

Micro Enterprise

Investment: ⩽ ₹1 Crore

Turnover: ⩽ ₹5 Crore

Smallest business category for individual entrepreneurs and small ventures with minimal investment

Small Enterprise

Investment: ⩽ ₹10 Crore

Turnover: ⩽ ₹50 Crore

Medium-sized businesses that have grown beyond micro enterprise limits but remain within small business category

Medium Enterprise

Investment: ⩽ ₹50 Crore

Turnover: ⩽ ₹250 Crore

Established businesses approaching large-scale operations while still qualifying for MSME benefits and schemes
